answered

Marked out of 1

What is AJG 2021 rank for the journal where the following article was published

<https://pubsonline.informs.org/doi/full/10.1287/orsc.2022.1590?>

- ☐ a. 1
- ☐ b. 2
- ☐ c. 3
- ☐ d. 4
- ☐ e. 4\*

Question **2**Not yet  
answered

Marked out of 1

Paper <https://pubsonline.informs.org/doi/full/10.1287/orsc.2022.1590>.

Authors provide the survey within "knowledge transfer" keyword and extract several articles for the analysis. What is the share (in %) of articles that use quantitative methods according to authors' classification? Provide the integer number (round to closest integer).

Answer:

Question **3**Not yet  
answered

Marked out of 1

Paper <https://pubsonline.informs.org/doi/full/10.1287/orsc.2022.1590>.

How many articles authors include in their resulting framework about knowledge transfer mechanisms and components? Provide integer number.

Answer:

Question **4**Not yet  
answered

Marked out of 1

What is SJR 2021 score (use dot as delimiter and 3 decimal places after it) for the journal where the following article was published

<https://onlinelibrary.wiley.com/doi/10.1111/1467-8551.12510?>

Answer:

Question **5**Not yet  
answered

Marked out of 3

Paper <https://onlinelibrary.wiley.com/doi/10.1111/1467-8551.12510>. How many questionnaires from male respondents were used for the resulting analysis made by authors? Provide integer number (round to the closest integer).

Answer:

Question **6**Not yet  
answered

Marked out of 1

Paper <https://onlinelibrary.wiley.com/doi/10.1111/1467-8551.12510>. Authors provide 4 hypotheses (including sub-hypotheses). How many of them were not rejected by authors?

- ☐ a. 1
- ☐ b. 2
- ☐ c. 3
- ☐ d. 4

Question **7**Not yet  
answered

Marked out of 1

Use the cps2.csv data from here [http://www.andywills.info/rminr/vbg\\_explore.html](http://www.andywills.info/rminr/vbg_explore.html). Calculate mean income for participants who was not born in the US. Provide the number with 2 decimal places (use dot as delimiter).

Answer:

Question **8**Not yet  
answered

Marked out of 1

Use the cps2.csv data from here [http://www.andywills.info/rminr/vbg\\_explore.html](http://www.andywills.info/rminr/vbg_explore.html). What is the share of females (out of the whole sample) whose maximum obtained qualification is high-school? Provide the number with 2 decimal places (use dot as delimiter; and round with mathematical rules), e.g. 0.51 (meaning 51% out of the sample).

Answer:

Question **9**Not yet  
answered

Marked out of 1

Use the cps2.csv data from here [http://www.andywills.info/rminr/vbg\\_explore.html](http://www.andywills.info/rminr/vbg_explore.html). How many participants did not introduce their job type? Provide integer number.

Answer:

Question **10**
